Dear Friends,

It gives me great pleasure to congratulate the Virginia Coastal Policy Center at the College of William & Mary Law on its 6th Annual Conference: Building a Resilient Virginia.

The VCPC has played a key role in providing science-based legal and policy analysis of important environmental and land use issues in order to raise awareness of ecological issues that affect our coastal resources. Through its partnership with nationally recognized organizations like the Virginia Sea Grant and the Virginia Institute of Marine Sciences, the VCPC has continued to help raise awareness of environmental issues and educate policy makers on ecological issues that affect our state.

Thank you for the valuable work that you are doing and please accept my best wishes for continued success.

Sincerely,
