### The Institute of Bill of Rights Law

The Institute of Bill of Rights Law was established at William & Mary in 1982 to support research and education on the Constitution and the Bill of Rights. One of the principal missions of the Institute is to facilitate interaction between the professions of law and journalism. Through a discussion of key cases on the Supreme Court's docket at the start of each term, the annual Supreme Court Preview provides in-depth education for journalists on the underlying issues to enhance press coverage of the decisions.
