A NOTE OF THANKS

The Environmental Law Group would like to acknowledge with thanks the support that Mr. Guy Coheleach has provided it. Through donations of his limited-edition wildlife prints to William and Mary for resale, Mr. Coheleach has assured the continued operation of the Environmental Practice News for several more seasons, and has provided interested law students and alumni a rare opportunity to acquire fine wildlife prints that are no longer available elsewhere. As Professor Scott Whitney has stated in the William and Mary Review, "Coheleach has shown a mastery of correct scientific rendition while maintaining vitality and thereby capturing important insights into the ethos of the animals he portrays." That such artistic expertise is devoted, in part, to supporting the Environmental Law Group is a signal honor for Marshall-Wythe Law School and the College of William and Mary. The prints are available from the Environmental Law Group, and inquiries may be addressed to:
