

MAKE YOUR PRACTICE PERFECT.

Spend less time managing time and accounting and more time as a lawyer. The Blue Chip Software Law Office Management System makes accounting and time management faster and more accurate than ever.

Whatever the size of your law firm, this Law Office Management System (LOMS) will make you more productive. You won't need highly skilled technical operators or additional staff as LOMS is easy to learn. It's versatile and runs on most micro-computers that support MSDOS, CP/M or CP/M86 operating systems.

LOMS is a *complete* package.

Accounting features include: More Efficient General Ledger, Client Billing, Client Disbursements, Accounts Receivable, Time Recording and Lawyer's Fees and Trust Accounts.

LOMS excels in Management Information features which include: Improved Diary System, Time Analysis, Monthly Fee Statements, File Listings and Mortgage Repayment Schedules.

To improve your bottom line and make your practice perfect for less than \$5.00 per hour, install the Law Office Management System.
